I, **Saniya Sultana**, final year student of Computer Science, Vidya Vikas Institute of Engineering and Technology - 570 028, declare that the Internship has been successfully completed, in **Varcons technologies Pvt.Ltd.** This report is submitted in partial fulfillment of the requirements for award of Bachelor Degree in Branch name, during the academic year 2022-2023.

Date :23/09/2022

:

Place : Mysore

USN : 4VM19CS040

NAME : Saniya Sultana

CERTIFICATE OF INTERNSHIP COMPLETION

Date: **23rd August, 2022**

Name: **Saniya Sultana**
USN: **4VM19CS040**

Dear Student,

We would like to congratulate you on being selected for the **Full Stack Web Development** Internship position with **Varcons Technologies Pvt Ltd**, effective Start Date **23rd August, 2022**. All of us are excited about this opportunity provided to you!

This internship is viewed as being an educational opportunity for you, rather than a part-time job. As such, your internship will include training/orientation and focus primarily on learning and developing new skills and gaining a deeper understanding of concepts of **Full Stack Web Development** through hands-on application of the knowledge you learn while you train with the senior developers. You will be bound to follow the rules and regulations of the company during your internship duration.

Again, congratulations and we look forward to working with you!.

Sincerely,

Spoorthi H C
Director
Varcons Technologies Pvt Ltd
213, 2st Floor,
18 M G Road, Ulsoor,
Bangalore-560001

ACKNOWLEDGEMENT

This Internship is a result of accumulated guidance, direction and support of several important persons. We take this opportunity to express our gratitude to all who have helped us to complete the Internship.

We express our sincere thanks to our Principal, for providing us adequate facilities to undertake this Internship.

We would like to thank our Head of Dept – branch code, for providing us an opportunity to carry out Internship and for his valuable guidance and support.

We would like to thank our (Lab assistant name) Software Services for guiding us during the period of internship.

We express our deep and profound gratitude to our guide, Guide name, Assistant/Associate Prof, for her keen interest and encouragement at every step in completing the Internship.

We would like to thank all the faculty members of our department for the support extended during the course of Internship.

We would like to thank the non-teaching members of our dept, for helping us during the Internship.

Last but not the least, we would like to thank our parents and friends without whose constant help, the completion of Internship would have not been possible.

Saniya Sultana
4VM19CS040

ABSTRACT

This SGPA calculator was built to help VTU students calculate their SGPA, it may be flexible enough to work with your university as well.

And it is just add the Mark's to the respective subject and click the submit button to know the sgpa.

Our project is based on calculate SGPA/CGPA. The most of the students face a problem to calculate their marks by SGPA & CGPA. In our project we will give the following details.

- Course and Semester information(credits & points)
- How to calculate SGPA?
- How to calculate CGPA?

The given project “**Template for VTU SGPA/CGPA Calculator**” is very helpful to for calculation marks into point with grade. This is very useful for university students like ours.

Services provided by Varcons Technologies.

- Core Java and Advanced Java
- Web services and development
- Python
- Conference / Event Management Service
- Academic Project Guidance
- On The Job Training
- Software Training

CHAPTER 3

INTRODUCTION

3. INTRODUCTION

Introduction

The full form of CGPA is Cumulative Grade Point Average. CGPA is an assessment tool used to evaluate student academic performance.

SGPA stands for Semester Grade Point Average. It calculates the total scores and credits at the end of the term or session. It is average of all grade points secured in all examination during one semester.

To calculate your grade point average, first multiply the number of credits each class is worth by the point value for the letter grade that you earned in that class. Next total the grade points of all your classes for that semester and divide it by the number of credit hours that you attempted.

Project Scope

The scope of the project is to calculate SGPA/CGPA easily and it is efficient for student. Whom want to calculate their SGPA/CGPA just input their number then this program automatically calculates their SGPA/CGPA and show them.

CHAPTER 4

REQUIREMENT ANALYSIS

4. REQUIREMENT ANALYSIS

Hardware Requirement Specification

- Html
- 128MB Ram
- Memory: 15.6 GB
- Hard Disk: 40 GB

Software Requirement Specification

- Visual Studio
- Xampp
- Operating System(Window 10)

CHAPTER 6

SNAPSHOTS

6. SNAPSHOTS

The screenshot shows a web browser window with the title "2021 SGPA 1st sem" and the address bar displaying "localhost/vtu.html". The main content area has a dark blue background with the title "2021 SGPA CALCULATOR" in red. Below the title, there are eight input fields, each preceded by a course code label: "21MAT11 :", "21CHE12/21PHY12 :", "21PSP13/ 21ELE13 :", "21ELN14/21CIV14 :", "21EME15/21EVNL15 :", "21CHEL16/21PHYL16:", "21CPL17/21ELEL17 :", and "21EGH18 :". Each input field is a light yellow rectangular box. The Windows taskbar at the bottom shows the search bar, task view button, and several application icons, including File Explorer, Edge, and various utility tools. The system clock in the bottom right corner indicates the time is 21:43 on 21-09-2022.

This screenshot shows the same web application after the user has entered data. The input fields for "21EME15/21EVNL15 :", "21CHEL16/21PHYL16:", "21CPL17/21ELEL17 :", and "21EGH18 :" are now filled with text. Below these fields is a red "calculate" button. Underneath the button, the text "Your CGPA/SGPA is" is displayed in red. At the bottom of the form is a large, empty light yellow rectangular box intended for the final result. The browser window and Windows taskbar are identical to the previous screenshot, with the system clock now showing 21:45 on 21-09-2022.

CHAPTER 7

CONCLUSION

7.CONCLUSION

The project titled as **Template for VTU SGPA/CGPA Calculator** was deeply studied and analyzed to design the code and implement. It was done under the guidance of the experienced project guide. All the current requirements and possibilities have been taken care during the project time.

SGPA/CGPA calculating system is used for daily operations in any university to Calculate their student SGPA/CGPA and student can also easily calculate their SGPA/CGPA.
